M1: Muscle Energy Technique for the Pelvis, Sacrum, Lumbar Spine, and Hip Muscles
Thursday and Friday May 16-17, 2019 / 8-5 pm

M2: Muscle Energy Technique for the Ribs, Upper Extremity, Thoracic, and Cervical Spine
Saturday and Sunday May 18-19, 2019 / 8-5 pm

Location: Seattle and Seattle-Area (Lynnwood), WA

Presenter: Tom Ockler, PT

Contact Hours: 8 TUPI; 16 each M1 or M2; or 40 for all three courses.

Muscle Energy Technique:

Muscle Energy Technique is one of the most effective and valuable manual techniques for the identification and correction of somatic asymmetry and hypomobility. Fred Mitchell Sr. D.O. who is considered one of the patriarchs of Muscle Energy Technique, was a pioneer in forward thinking as he searched to develop an alternative to manipulative therapies. These techniques have been refined over the years and are even more accurate, efficient and effective than in their original form. These techniques can be used immediately to find and correct the causes of all types of pain. These are not cover up procedures, but rather, techniques that cure the problem with dramatic results.

Thomas K. Ockler, PT

Thomas K. Ockler P.T. received his B.S. P.T. from the State University of New York at Buffalo in 1978. In his 32 plus years of uninterrupted clinical practice, Tom has focused much of his attention on the correction of somatic dysfunctions using Non-Manipulative Manual Therapy Techniques. He has extensive teaching experience including a month in Australia, throughout the United States and Canada. His background in bio-mechanics along with orthotic fabrication has been integrated with NON-MANIPULATIVE TECHNIQUES to find cures for difficult musculo-skeletal disorders.
